BASKIN ROBBINS ROBBERY

March 28, 2013

DETAILS:

On Saturday, September 29, 2012 at 8:23 p.m., the above-pictured suspect entered the **BASKIN ROBBINS** at 3614 Pacific Coast Highway and robbed the 19-year-old lone, female employee. The suspect approached the cash register and ordered ice cream, standing around the cash register while she prepared his order. When the victim employee placed the suspect's order on the countertop and prepared to enter his order into the cash register, he grabbed her by the left forearm, walked through the swinging gate and behind the register while twisting her left arm behind her body, opened his switchblade knife and pressed it against her back. The suspect ordered, "Give me the money" and "Open the cash register". When the victim opened the register, the suspect reached in and removed all of the paper currency and some of the change. The suspect then released the victim and fled the location out the door, westbound through the parking lot.
